## ANNUAL REPORT.

---

The Committee of Management has much pleasure in presenting to the Subscribers and Friends of the Cottage Hospital the Annual Report and Statement of Accounts for the year ended December 31st, 1927. There is nothing outstanding to report with regard to the work in connection with the Hospital, except—what is most important of all a year's steady progress and an increase of work in all branches. The capacity of the Hospital has frequently been taxed to its utmost and more cases have been admitted than during any other year since its institution.

The Annual Fête, kindly opened by the Mayoress, Mrs. Bee, was the means of benefiting the funds of the Hospital to the extent of £376 14s. 0d. the largest sum ever raised from this source—and the Committee desires to thank all those who, in any way, helped to ensure such a successful result.

Many gifts have been received during the year, and the Committee is grateful for all contributions—especially for eggs and gifts on Pound Day. The latter were in excess of former years and a good proportion were sent from the neighbouring districts.

Thanks are also accorded to many, who, being responsible for the organization of various competitions, collections, entertainments, etc., on behalf of the Hospital, have materially added thereby to its income.

A Legacy of £299 2s. 4d. was received from the Executors of the late Mrs. Molyneux, and this has been invested in Trustee Stock.

Once again is the Committee under a debt of gratitude to Mr. and Mrs. Stafford Lewis for their continued and constant help and unflagging interest. Through Mr. Stafford Lewis'

influence the Hospital received a donation of £50 from the Stock Exchange Mutual Subscription Fund in July, and it was through him that the Hospital was privileged to partake in the "Help Yourself" Fund—which brought in £84. In addition to fulfilling the promise to double the increase in subscriptions and donations up to £250—an increase which amounted to £201 1s. 0d.—Mr. and Mrs. Stafford Lewis gave a further donation of £80 1s. 0d.! Thus it is not difficult to understand why the financial position of the Hospital was so satisfactory at the end of 1927. There is a further increase in new Subscribers and some very generous donations have been given. Some have come from visitors, who, during their stay in Southwold, had to seek the Hospital's Services—and expressed appreciation for the care and attention received in a very practical and substantial way.

There have been increased receipts from various sources—especially from fees from Private Patients—the private wards having been much in demand—and having at one time a waiting list!

The Lady Collectors (whose names appear below) are thanked once again for their valuable services—and for the extra work which they have done in order to obtain an increase in subscriptions. Especially are those ladies thanked who are undertaking the collection of weekly subscriptions—for it means giving up some time every week in the interests of the Hospital.

The work of the Hon. Auditors, Mr. Wright and Mr. Peek, is much appreciated, and thanks are accorded to them for their gratuitous services.

The Matron continues her excellent work, and it is quite impossible to express to her adequately the Committee's indebtedness for her valuable services and appreciation of her efficient administration. It is gratifying to be able to report that under her régime the average weekly cost of a bed has been reduced from £3 5s. 4d. to £2 18s. 7 $\frac{1}{4}$ d.—and great credit is due to the Matron for this decrease in expenditure. Thus, through her careful administration and the generous support accorded to the Hospital during the year the financial anxiety

is temporarily relieved—but there still remains the necessity to increase the regular income, and the committee looks forward to the time when everyone in this Borough will contribute—in some measure—in supporting the Hospital.

The system of giving a small weekly subscription has been adopted by quite a number, and already there are several fresh supporters of this method of giving—and it is hoped that during the year there will be many more—as there is no doubt it is laying the foundation of a steady source of income.

MARGARET E. SHARP,  
*Hon. Treas.*

W. S. HATHERELL,  
*Hon. Sec.*
